

Department of Chemistry & Biochemistry
Seminar Schedule
Spring 2008

All Seminars are scheduled for Wednesday at noon
in Pharmacy 131 unless otherwise noted

Date	Presenter	Topic
<i>January</i>		
16	Hao Fong	
23		
30		
<i>February</i>		
6	No Seminar	
13	Julee Driver Progress Seminar SDSU	Quantification of Neomycin B and Neomycin C in Animal Feeds by Liquid Chromatography Fluorescence Detection with Post-Column Derivatization
20	Lisette Tenlep Progress Seminar SDSU	Biomass Hydrolysis: From Biomass To Cellulosic Ethanol
27	Patrick Youso Progress Seminar SDSU	Enhancing the Kinetic Profile and Bioavailability of Ophthalmic Drugs
<i>March</i>		
5	Dave Ferris Alyson Lanciki SDSU	Cold Chemistry: Field Experiences at Opposite Ends of the World
11 Ag Eng 100 4:30 pm	Dr. Joseph Bozell University of Tennessee	Lardy Lecture Can Biomass Replace Petroleum? Biobased Sources of Chemicals and Fuels
12 The Union Lewis & Clark Room 262 4:30 pm	Dr. Joseph Bozell University of Tennessee	Lardy Lecture New Methodology for the Conversion of Renewable Feedstocks into Chemicals and Materials
19	No Seminar	
26	Zhengtao Zhu South Dakota School of Mines & Technology	TBA
<i>April</i>		
2	Marla Williams Final Seminar SDSU	TBA
9	Dr. Youngjae You Chemistry & Biochemistry SDSU	TBA

<i>April (cont.)</i>		
16	Vice President for Research and Dean, Graduate School Dr. Kevin Kephart SDSU	TBA
23	Andrew Young Final Seminar SDSU	TBA
30	Dr. Shafiqur Rahman SDSU College of Pharmacy	Pharmacology and currently working for nicotine related projects
<i>May</i>		
7	Jia Lin Final Seminar SDSU	TBA
